The Nicole Mikado Gown waist to front hem measurement is 125 cm.

The Nicole Mikado Gown hip measurement does not matter because it is a full circle skirt and will fit all hip measurements.

The Nicole Mikado gown waist measurement must be exact, as it does not stretch beyond the waist measurement.

NICOLE MIKADO GOWN	SIZE	BUST	WAIST	HIP
	4	80	55	85
	6	85	60	90
	8	90	65	95
	10	95	70	100
	12	100	75	105
	14	105	80	110
	16	110	85	115
	18	115	90	120

Here are some additional tips on getting the best measurements:

Stand up straight with both arms lifted and feet together

Measuring Your Bust:

1. Take the tape around your back
2. Bring it across your bust at the fullest part

3. Record measurement

Measuring Your Waist:

1. Wrap the tape around your waist just above your belly button or naturally where you curve in when you bend side to side.
2. Record measurement

Measuring Your Hips:

1. Loop the tape completely around your bottom and thighs at the fullest part
2. Record measurement

Now that you have all three measurements, make sure you match them accordingly--bust-waist-hips. For example: 82-62-90

Extra tips:

- When measuring over underwear, keep the tape level and pull it together, but not too tight
- If you will be wearing special undergarments with your dress, measure over those
- If you are in between sizes, choose the larger one as it is easier to take in a dress than to let it out.
- And remember, every dress and every fabric fits differently, so sizing can vary with every dress.
